THE ENGLISH TRANSLATION OF AL-ANDALUS MEDIA RELEASE

In the name of Allah, the Most Beneficent, the Most Merciful

Praise be to Allah who toppled the rule of the tyrants with His justice, broke the back of the mighty powers with His force, and gave the weak their land and homes. Peace and prayers be upon the merciful gift, our Prophet Mohammad, and his family and companions, and thereafter:

Our Lord the Almighty says: (*How should ye not fight for the cause of Allah and of the feeble among men and of the women and the children who are crying: Our Lord! Bring us forth from out this town of which the people are oppressors! Oh, give us from thy presence some protecting friend! Oh, give us from Thy presence some defender!*).

My Muslim brethren everywhere, As-Salamu Alaikum Warahmatullah Wabarakatuh.

A year of evil killing has passed today on the honourable Sham revolution. The serial child-killer and seller of the Golan has used all methods to practice the most horrendous crimes against an unarmed Muslim nation, tearing innocent bodies apart and dishonouring people, slicing stomachs open, cutting off body parts, and destroying homes and mosques. Until today, the Nusairi criminal machine is still practicing crimes madly in plain sight of the world, destroying and destroying without mercy or reprieve.

But - and praise be to Allah - the free people in As-Sham and the sons of the conquerors have determined from day one when they announced in a loud cry without hesitation: "*Death rather than humiliation.*" They challenged the challenge, faced oppression with confrontation, and were brave in an unequal battle against a brutal enemy who has no regard for the believers or their protection. With bare chests and empty stomachs, they stood alone, with nobody but Allah and His care with them, surrounded by the prayers of the oppressed and made steadfast by the light of faith that glows in their hearts to support their will and to remove the darkness of the oppressors. So may Allah reward you, free people of as-Sham, who taught the whole world lessons in sacrifice and atonement, and presented us with the wonderful examples of honour. May Allah reward you, you who write a grand epic with your blood translated in the lines of the poet of as-Sham, the martyr Mujahid - Allah willing - Mahmoud Abdulrahim, when he said:

*I will carry my soul in my hand * and throw it in the valleys of death*

*It is either a life that makes a friend happy * or a death that makes an enemy angry*

*The noble man's soul has two goals * to die or to achieve its dreams*

Our free people in Syria, and before your steadfastness and bravery, and with the continuation of your blessed revolution, the truth has been revealed before us. Gone are the slogans, and weakness was exposed. The remaining mulberry leaves have fallen from those who claimed to be from the civilised world which claims to defend the oppressed and persecuted peoples. The Western nations are collaborating against your revolution secretly because they don't want Israel's first line of defence to fall and don't want the people of As-Sham to be liberated from the Pharaoh. If they are liberated, the Muslim Ummah will make its most important step towards the liberation of Bayt Al-Maqdis.

As for what's called the Arab League, it's only a pawn of the West and one of their humiliated followers. Muslims are used to its betrayal in our most important issues. They would not wonder today to see that the the biggest support this League will present to the Syrian revolution is giving the Nusairi tyrant more time to continue massacring and more chances to obtain an honourable end like that of the tyrant of Yemen.

And away from the marginal differences between this and that, all the dishonest and colluding governments - Western and Arab - make sure that the Syrian revolution remains cut off from its most important factors of victory, away from its religion, away from its belief, and away from the tip of Islam. They want it unarmed in order to be easily broken and to force them to accept leftovers and half-solutions. But, (*They plot, but Allah (also) plotteth; and Allah is the best of plotters*). How wrong, how wrong, how wrong for free people who proclaimed long ago: "We will only kneel for Allah." They will not be fooled and made to sleep with these colourful tricks. How wrong, how wrong! The countdown has begun for the charge of vaunted falsehood and the count has begun for the charge of enthusiastic truth. After the brave Muslim Syrian people started carrying their weapons and rose up in droves, young and old, to the battlefield, creating its battalions and raising its armies. The men and youth are answering the call to Jihad to defend their people and their honour and to support the weak whose voice reaches everywhere in Syria, calling for help against and ripping apart the hearts of the free people and saying:

“O Allah, only you are with us, O Allah!”

So our people and beloved ones in the lands of As-Sham, you were true by Allah. You have only Allah, and no other choice but Jihad in Allah's path, a jihad that your sons fight and is supported by the sacrifices of your people and the support of your Ummah, an armed jihad that frightens the oppressors, liberates the land, protects honor after you were left alone by the collaborators and were let down by the dawdlers.

Allah the Almighty says: *(Sanction is given unto those who fight because they have been wronged; and Allah is indeed Able to give them victory; Those who have been driven from their homes unjustly only because they said: Our Lord is Allah - For had it not been for Allah's repelling some men by means of others, cloisters and churches and oratories and mosques, wherein the name of Allah is oft mentioned, would assuredly have been pulled down. Verily Allah helpeth one who helpeth Him. Lo! Allah is Strong, Almighty - Those who, if We give them power in the land, establish worship and pay the poor-due and enjoin kindness and forbid iniquity. And Allah's is the sequel of events).*

The Pharaoh you are facing in Syria is as bloodthirsty and beastly as the Libyan Pharaoh. He is even worse being a Rafidi sectarian and hater of the Sunni people, which makes him more than ready to exterminate you and remove you without hesitation.

So there's no other way with him but the solution that your brethren in Libya have taken, and we ask Allah to make his end similar to that of his dead Libyan brother.

If anybody advises you to abandon Jihad and your weapons, then he is fooling you. And he who suggests to you to exit in the Yemeni way, in which the blood of the martyrs is sold and a cosmetic operation is done to fix the face of the ugly criminal regime, conspires against you.

There's no way out but through weapons and Jihad in Allah's path. So go with the blessing of Allah, and be assured of Allah's victory. Let your goal be the liberation of the lands of As-Sham by removing injustice, establishing justice, and making the Shariah and Islam rule over its boundaries.

Our people and beloved ones in Syria, your Muslim brethren in the Islamic Maghreb are with you with their hearts and prayers, and with their support. Only Allah knows that if we could be carried by birds, we would have come to you and fought alongside you in Allah's path as obedient soldiers. And if we

could have, we would have split our arms and money with you and given you all we could in terms of material support that you require. A Muslim is the brother of another Muslim, and he is not unjust to him and doesn't give up on him. But between you and us are Zionist Arabs, headed by the Algerian regime which defends the sectarian, criminal Ba'ath regime. Not only do they prohibit help from reaching you, but they also imprison the Muslim youth who go out in peaceful walks in support of your issue. But that is not strange from those whose crimes surpass that of the Nusairi regime and whose hands are stained with the blood of thousands of the sons of the Muslim Algerian people. *(And lo! as for the wrong-doers, some of them are friends of others; and Allah is the Friend of those who ward off evil).*

So, Muslims everywhere, help your people in Syria. Allah, Allah, support your bereaved As-Sham. People of Islam, give support, support to the people of Islam. Catch up, catch up to the arenas of Jihad and the battlefields.

And scholars and preachers, head the lines and take command. Lead and incite Jihad and martyrdom, and don't let your Ummah down and don't delay in supporting your religion. Know that the age of fearing the tyrants is gone, never to return, Allah willing. This is the obligation of the knowledge that you possess, and the obligation of following the example of the Messenger, peace and prayers be upon him, who led the battles and raids personally.

My beloved ones and brethren in As-Sham of stationing and Jihad, do not give up nor faint nor grieve, for you will overcome them if you are believers. Be assured of success and victory. The tyrant is shaken and cornered, and the walls of his fortresses are collapsing. Unite under the flag of *"There is no god but Allah."* Fight in the path of Allah, and be assured of Allah's victory. Be strong against the killer and his bullies in one go. Fight them in the way of As-Sham and Ayyoubi to cleanse Damascus from their dirtiness, and return truth to its proper place. Then, saddle your horses and point your rifles in the air heading to Bayt al-Maqdis.

Be aware, my brethren, that patience brings victory, and that paradise is under the shadow of the swords, and freedom has a price that has to be paid. A door is pulverized with bloodstained hands. Tighten your grip on them free ones, and be inspired by the verses of the Mujahid poet of As-Sham:

*I see my death * but I rush to it*

*The rattling of swords my ear enjoys * and the spilling of my blood shall thrill
my soul*

*How am I patient with the spiteful * and patient with all this pain*

*Is it because of fear while life has no value to me * or humiliation while I am
contemptuous*

*I will throw my heart at my enemies' faces * and my heart is iron and fire*

*I will protect my land with the edge of the sword * so my people will know that I
am the man*

O Allah, guide our brethren in Syria righteously in which Your people are made honourable and Your enemies are humiliated. O Allah, give them strength, kill their tyrant, and assist them with Your support, and open for them an imminent victory.

Our last prayers are praise be to Allah, the Lord of the universe.

ولا تنسونا من صالح الدعاء
